

## How to Vote

You must be logged in to your YouTube account to vote. If you do not have an account it is easy to register. All you need is an email account and establish a password.

When you're on the <http://www.youtube.com/group/MFPBiggestFanContest> page, click on one of the video thumbnails on the right hand side you wish to vote on. When that video starts playing in the middle of the page, there will be a few tabs underneath it. One is labeled **discussion**. Click **discussion** and then you can either click "**I love it**" or "**I hate it**" and then it will say thank you for voting.

**And that's a WRAP!** Thanks so much for helping to choose **My Friend's Place Biggest Fan!**
